

CARS 2008 Release 2 News

Vehicle database with greater depth and coverage.

Two new brands added!

Totally 14 brands have been updated or added with new models, year models and more functionalities, from the year model 1997 up to 2008. New brands in this release are Suzuki and Land Rover. Updated brands in this release are Audi, BMW, Citroën, Fiat, Ford, Mazda, Mercedes, Nissan, Renault, Saab, Volkswagen and Volvo.

Here are some of the highlights in 2008 Release 2.

Audi

A2

Updated (01-06) several engines are added with descriptions for values in data-lists, adjustments and coding functions.

A3 (-03)

Updated (00-03) several engines are added with general or enhanced protocols with descriptions for values in data-lists, coding and adjustment functions.

A3 (03-)

Updated functionality for gearbox DSG (00-03) with basic settings and adjustment functions. The 3.2L petrol engine is added (2007) with descriptions for values in data-lists, coding and adjustment functions.

A4 (95-01)

Updated with diagnostics for more engines (99-01).

A4 (05-)

Updated with the 2.0L petrol engine (2007).

A6 (97-06)

Updated with diagnostics for more engines (97-05).

Q7

Updated functionalities for several systems (07-08) e.g. ABS, SRS, Gearbox, Central electrics, Instrument, Comfort, Gateway, Head light, Parking assistance and trailer module have been updated with descriptions for values in data-lists, some with coding and adjustment functions.

TT (07-)

Updated up to 2008-year model with diagnostics for engines and 17 other subsystems with descriptions for values in data-lists, several with coding and adjustment functions.

BMW

1-Series E87

Updated diagnostics for the 1.6L petrol engine (04-06) with service reset for oil and spark plugs. The SLR (service reset function) is also updated for this engine.

3-Series E46

Updated with diagnostics for the PDC parking distance control (98-00).

3-series E90/E91

Updated diagnostics for the 1.6L petrol engine (04-06) with service reset for oil and spark plugs. The SLR (service reset function) is also updated for this engine.

5-series E39

Updated with diagnostics for PDC Parking distance control (97-00).

5-series E60/61

ABS DSC 8.0 Plus version 2, added (04-06). The diesel engine M47D20-204D4 with DDE 6.0 is also added (05-06).

6-Series E63/64

The petrol engine N52B30-B30A and the diesel engine N62B44A are added and 3 new ABS DSC Bosch 8.8 / plus version 1 and 3. Instrument, Climate control, IHKA basic and high, Automatic gearbox EGS GS 1904, Immobilizer, Airbag with scan function for DTC in SGM-SIM, SBSL, SBSR, TMFA, SFZ, SZL, Central body KBM, SGM-SIM, SBSL, SBSR, TMFA, SFZ, SZL, PDC, CWM, Light Center LM2 and LM2 Adaptive headlights, Chassis AL and service reset function are added.

7-series E38

Updated with diagnostics for the PDC Parking distance control (97-01).

7-series E65/66

Updated with diagnostics for the 3.9L diesel engine M67D39-39D1 (02-04).

X3 E83

Updated with diagnostics for the 2.0L petrol engine N46B20-B20B (05-06).

Z4 E85/86

Updated with diagnostics for the 2.0L petrol engine 05-06, 3.2L petrol engine 06 and Climate control (03-06).

Citroën

C-Crosser (New model in this release)

Added (07-08) with diagnostics for the 2.2L diesel engine with basic settings for particle filter. This function must be used when the particle emission filter is cleaned or replaced. Adaptations for airflow meter, EGR valve, Lambda sensor, Intake air shut-off valve. This function adapts the new parts to the engine control unit. Carry out an adaptation when the units are replaced. The regeneration function is to force cleaning of the particle filter and functions for resetting counters when filling additive. Diagnostics are also added for SRS, BSI and ABS with calibration of the ESP sensors.

Jumper series 3 (06-)

Updated (06-08) with diagnostics for the 2.2L diesel engine, SRS, ABS, Instrument and BSI.

Jumpy series 3 (07-)

Updated (07-08) with diagnostics for the 2.0L diesel engine, SRS, ABS, Instrument, BSI and ACC. Service reset function and diagnose for Power steering.

Fiat

500 (New model in this release - Car of the year!)

Diagnostics for the 1.2L Petrol engine, ABS, Instrument, Airbag, Delphi Body Computer EP, Valeo Parking Control, Delphi Steering and service reset function.

Bravo 07-

Updated up to 2008-year models with diagnostics for the 1.9L multijet engine with injector programming function, ABS, ABS/VDC, Instrument, Climate control, Airbag, Delphi Body Computer 8, Valeo Parking Control, Power steering and service reset function.

Croma (05-)

Updated up to 2008-year models with diagnostics for the 1.9L 8v, 1.9L 16v and 2.4L multijet diesel engines with injector coding function, Instrument, Climate control, Gearbox, TRW 2 Steering lock, Central body Boot G.E Procond 3, Central body Valeo parking control with programming when a tow hook is mounted, Steering and service reset function.

Fiorino (08-)

Diagnostics are added for the 1.3L multijet engine, ABS with electronic stability program and Delphi Body Computer EP.

Grande Punto

Updated up to 2008-year models with diagnostics for the diesel and petrol engines, Instrument, ABS, Airbag, Climate Control, Central body Boot G.E Procond 3, Central body Valeo parking control with programming when a tow hook is mounted, Steering and service reset function.

Panda (03-)

Updated up to 2008-year models with diagnostics for the diesel and petrol engines, Instrument, ABS, Airbag, Climate Control Central body Simens Body with key programming function, Delphi Steering and service reset function.

Punto (03-)

Updated up to 2008-year models with diagnostics for the petrol and diesel engines injector coding for the Multijet engines, ABS, Instrument, Central body Delphi Marelli, with key programming and Delphi Steering.

Sedici

Updated (06-08) with diagnostics for the petrol and diesel engines and ABS, Climate Control, Gearbox, Airbag and Central body Calsonic kansei body SZK for the 2008-year models.

Seicento

Updated up to 2008-year models with diagnostics for the petrol engines, ABS and Airbag.

Ford

Focus C-Max

Updated (03-08) with several new petrol and diesel engines.

Focus

System ABS is updated with calibration function for torque, lateral and pressure sensors.

Ranger

Updated (06-08) with diagnostics for the 2.5L diesel engine, for ABS and Airbag.

Transit (00-06)

Updated (00-06) with diagnostics for the Gearbox TCM.

Land Rover - *New brand with manufacturer specific diagnose!*

Discovery 3 (04-)

Updated (04-08) with diagnostics for the 2.7L diesel engine, ABS and Airbag.

Mazda

BT-50

Updated (07-08) with diagnostics for the 2.5L diesel engine, ABS and Airbag.

CX-7

Updated (07-08) with diagnostics for the 2.3L petrol engine, ABS, Instrument and Airbag.

Mercedes

Sprinter 906

Updated (06-08) with the 2.2L diesel engine, ESP with calibration of sensors, bleed function and ESP driving test that must be performed after replacing parts. Diagnostics added for Instrument low line and high line with activations and reset service function, Gearbox with activation function for the different valves and solenoids. The Airbag, ESP and Gearbox have a new function for description of the fault codes (freeze frame). This means that additional information can be displayed such as kilometer stand, when and/or how many times the fault has occurred.

S-Class W221

Updated (06-08) with service reset function.

Nissan

Micra K12 (03-)

Updated with diagnostics for the 1.2L and 1.4L petrol engines, ABS, BCM, Airbag, IPDM/ER and EPS (03-04). 1.5L Dci engine added (07-08).

Navara D40 (05-)

Updated (05-08) with diagnostics for the 2.5L DCI engine, ABS, Instrument, Climate control, Gearbox, Airbag, Body control module BCM, IPDM/ER, Diff-lock and AWD.

Qashqai J10

Updated (06-08) with diagnostics for the 2.0L diesel and petrol engines, ABS, Instrument, Gearbox, Airbag, Body control module BCM, IPDM/ER, Intelligent key and Electrical power steering EPS.

X-trail T30 (01-07)

Updated (01-07) with diagnostics for the 2.0L and 2.5L petrol engines, Airbag (01-07) and AWD (04-07).

X-trail T31 (07-)

Updated (07-08) with diagnostics for Gearbox, Intelligent key and AWD.

Renault

Clio III

Updated (07-08) with diagnostics for the 1.2L Petrol engine and ABS system.

Espace IV

Updated with diagnostics for the 3.0L diesel engine.

Kangoo II

Updated with diagnostics for the 1.5L diesel engine and Airbag.

Twingo II

Updated 07-08 with diagnostics for the 1.2L petrol, 1,2L turbo petrol engine and power steering.

Vel Satis

Updated (03-04) with diagnostics for the 3.0L diesel engine.

Saab

9-3

Updated to cover the 2008 models with diesel, petrol and bio-power engines. 20 new subsystems are added including the soft-top control for the convertible with activations and programming of maximum vehicle speed for use of the soft-top control.

Suzuki - *New brand with manufacturer specific diagnose!*

Swift (05-)

Added (05-08) with diagnostics for the 1.3L and 1.5L petrol engines, Airbag, ABS, Central body and steering.

Volkswagen

Beetle

Updated up to 2007 years models with a great coverage in systems and functionalities.

Bora

Updated (01-05) with diagnostics for several petrol and diesel engines with more functionalities like adjustments, configuration and coding functions.

Caddy II (95-03)

Updated (98-03) with diagnostics for several petrol and diesel engines with more functionalities like adjustments, configuration and coding functions.

Caddy III (03-)

Updated (04-07) with Gearbox DSG with functionalities adjustments and coding function.

Eos

Updated up to 2007 years models with a great coverage in systems and functionalities.

Fox

Updated up to 2007 years models with a great coverage in systems and functionalities.

Golf IV

Updated (01-06) with the 1.9L diesel engine AXR with functionalities adjustments and coding function.

LT (96-)

Updated (99-06) with several new diesel engines.

Lupo

Updated (99-05) with engine and sub systems.

Passat IV (00-05)

Updated (00-05) with diagnostics for several petrol and diesel engines with more functionalities like adjustments, configuration and coding functions.

Passat V (05-)

Updated (07-08) with diagnostics for several petrol and diesel engines with more functionalities like adjustments, configuration and coding functions.

Polo Classic

Updated (99-01) with more diesel engines.

Polo IV (02-05)

Updated (02-05) with more diesel engines.

Sharan

Updated (05-06) with more diesel engines.

T5 Multivan

Updated (03-07) with diagnostics for several petrol diesel engines and gearbox with more functionalities like adjustments, configuration and coding functions.

T5 Transporter

Updated (03-07) with diagnostics for several petrol diesel engines and gearbox with more functionalities like adjustments, configuration and coding functions.

Touareg (-07)

Updated (03-07) with diagnostics for petrol, diesel engines and with more functionalities like adjustments, configuration and coding functions. Diagnostic for TPMS are also added.

Volvo

C30

Updated (07-08) with the 2.0L diesel engine, 2.5L turbo charged petrol engine and the 1.8L flexi-fuel engine.

C70 (06-)

Updated (06-08) with the 2.0L diesel engine, 2.5L turbo charged petrol engine, ABS, Instrument, Climate control, Immobilizer, Airbag, Central electronics CEM 1 and Cem 2, Audio, Driver/Passenger door, Infotainment, Steering wheel Electrics and service reset function.

S40 (04-)

Updated (07-08) with the 2.0L diesel engine, 2.5L turbo charged petrol engine and 1.8L Flexi-fuel engine. Some other systems have also been added for some years for a great coverage.

S60

Updated (06-08) with a great coverage on the vehicle with petrol, diesel and bi-fuel engines, Steering Angle, Instrument, Climate control, Gearbox, Immobilizer, Airbag, Central electronics, Audio, Driver/Passenger door, Rear Electronics, Upper Electronics, Additional heater and Service reset.

S80 (99-06)

Updated (06-08) with a great coverage on the vehicle with petrol, diesel and bi-fuel engines, Steering Angle, Instrument, Climate control, Gearbox, Immobilizer, Airbag, Central electronics, Audio, Driver/Passenger door, Rear Electronics, Upper Electronics, Additional heater and Service reset.

S80 (07-)

Updated (07-08) with the 2.5L turbo engine and ABS.

V50

Updated (05-08) with 1.8L Flexi-fuel, 2.5L turbo and 2.0L diesel engines.

V70 (00-07)

Updated (06-08) with a great coverage for petrol, diesel and Bi-fuel engines, Steering Angle, Instrument, Climate control, Gearbox, Immobilizer, Airbag, Central electronics, Audio, Driver/Passenger door, Rear Electronics, Upper Electronics, Additional heater and Service reset.

XC70

Updated (06-08) with a great coverage for petrol and diesel engines, Steering Angle, Instrument, Climate control, Gearbox, Immobilizer, Airbag, Central electronics, Audio, Driver/Passenger door, Rear Electronics, Upper Electronics, Additional heater and Service reset.

XC90

Updated (06-08) with a great coverage for petrol and diesel engines, Steering Angle, Instrument, Climate control, Gearbox, Immobilizer, Airbag, Central electronics, Audio, Driver/Passenger door, Rear Electronics, Upper Electronics, Additional heater and Service reset.
