

TRUCKS 2010 Release 2 News

ISS (Intelligent System Scan)

There is a completely new system scan function, ISS (Intelligent System Scan) introduced in 2010 Release 2. The function scans through all the vehicle's control systems quick and easy, and presents if and when what fault codes are saved in the control systems. The result is presented in a list with the control systems, that shows the existing control systems and if there are fault codes or not. It's possible to erase the fault codes, each system separately or all systems at once, or to go straight to complete OBD functionality. For those brands where the functionality is available, there is a system choice at the top of the list of systems called "All systems". When this is chosen the ISS button will be available.

Generic OBD

For Generic OBD there is a change which implies that the user can set normal or advanced position. In the normal position a number of functions are hidden, that are irrelevant for fault search of vehicles. This position is set at new installation and is recommended for normal use.

Database update 2010 Release 2 TRUCKS

HCV

IVECO

Stralis (02-07)	2002-2007	Climate
Stralis (08-09)	2008-2009	Climate, Multi
Trakker	2005-2009	Climate

Mercedes Benz

Atego 2	2004-2009	Brake
Axor II	2004-2009	Brake

Scania

4-Series	1996-2005	Gearbox
-----------------	------------------	----------------

New functions:
Erasing adaptations

Trailer

Knorr		Brake
--------------	--	--------------

New functions:
Programming Service

Wabco		Brake
--------------	--	--------------

LCV

Fiat

Fiorino	2008-2009	Brake
----------------	------------------	--------------

New functions:
Adaptation steering angle sensor
Adaptation longitudinal acceleration sensor
Static test

Ducato	2008	Engine
---------------	-------------	---------------

New functions:
Oil change reset
Self learn function reset

Mercedes Benz

Sprinter (906)	2006-2010	Engine, Multifunction
-----------------------	------------------	------------------------------

New functions:
Injector coding
Unlock independent/auxiliary heater

Vito/Viano (639)	2004-2010	Engine, Multifunction
-------------------------	------------------	------------------------------

New functions:
Injector coding
Unlock independent/auxiliary heater

Mitsubishi

L200 IV (06-) **2007-2010** **Engine, Brake, Immobiliser, Airbag, Multifunction**

New functions:

Injector coding
Injection quantity learning procedure

Opel

Combo **2006-2010** **Engine, Brake, Instrument, Immobiliser, Airbag, Multifunction, SLR**

New functions:

Regeneration diesel particle filter
Reset diesel particle filter
Reset differential pressure sensor
Reset pre catalyst
Injector coding
Key programming
Calibration servo mechanism
Reset Service light

Peugeot

Partner Serie 1 **2005-2008** **Multifunction**

Bipper **2008-2010** **Engine, Brake, Instrument, Airbag**

Expert (07-) **2007-2010** **Engine, Brake, Instrument, Airbag, Multifunction**

Renault

Kangoo (98-07) **2000-2008** **Engine, Multifunction**

Kangoo II (08-) **2008** **Multifunction**

Trafic II (01-08) **2004-2008** **Multifunction**

Volkswagen

VW T5 / Multivan **2003-2010** **Engine, Brake, Climate, Gearbox, Instrument, Immobiliser, Airbag, Multifunction, SLR**

New functions:

Adjust Throttle
Coding Control unit
Coding Cruise Control
Regeneration particle filter
Fuel system venting
Adjust Lambda sensor
Adjust air filter
Adjust differential pressure sensor PDF
Injector coding
Bleed brake system
Adaptation longitudinal acceleration sensor
Adaptation lateral acceleration sensor
Adaptation brake pressure sensor
Adjust Oil quality
Adjust Remote controls
Coding Rain sensor
Reset Service light
