Mr. Vince Crifaci
752 Kilgore Road
Jackson Center, PA
16133

Dear Mr. Crifaci:

We at Suffolk Transportation have been using MT-10 metal treatment for approximately 8 years and are very pleased with this products performance in our Chevrolet & Ford vehicles.

The MT-10 has reduced the wear and friction in our transmissions. We are very pleased with this product and will continue with the use of this product.

Mr. John Bernier
Parts Manager
Suffolk Transportation Service, Inc.
